

**BrainyBunch<sup>®</sup>**  
Success In Both Worlds

**WELCOME  
PACK**

**Your Child is  
Unique**

**Shouldn't their  
Education  
be too?**

## **OUR CHALLENGE**

The current education system does not cater to the **unique learning styles and unique abilities** of all children.

As a result, many children may feel disengaged, frustrated, or left behind in the classroom. It also means that these children might **miss out on the amazing things** they could achieve if they did not learn with the right system.

# So, what constitutes the right education for our children?

Education isn't a mere phase but a lifelong journey, meticulously carving individuals into their finest selves. This transformative journey commences from the earliest educational stages, fostering growth in a child's heart, mind, and body across multiple dimensions:

Spiritual  
Nurturing to  
Develop Taqwa  
for Allah

Physical  
Well-being  
and Holistic  
Wellness

Intellectual  
and Financial  
Empowerment

Cultivation of  
Creativity

Emotional  
Grounding and  
Essential Life  
Skills

Ongoing support  
through an Alumni  
Development  
Program

# THE PRESIDENT'S MESSAGE

## I HAVE A DREAM

- ✓ I have a DREAM that all our children will **BECOME CREATORS** in making the **WORLD** a **BETTER** place!
- ✓ I have a DREAM that all our children will be **MOTIVATORS** who inspire others to **BE THE BEST** in Both Worlds!
- ✓ I have a DREAM that all our children are able to continuously attain the Highest Level of **FITNESS** via consistent healthy diet and daily fitness exercise regimen.
- ✓ I have a DREAM that all our children will **MASTER** the necessary Life Skills!
- ✓ I have a DREAM that all our children will **MASTER** Personal Financial Literacy and attain **FINANCIAL FREEDOM!!**
- ✓ I have a DREAM that all our children will continuously work to **PRACTICE** what they learn and **TEACH** and **COACH** others to **MASTER** it!
- ✓ I have a DREAM that all of our children will become the comfort to their parents' eyes and **ASSETS** for their **PARENTS** to attain Success in Both Worlds!
- ✓ I have a DREAM that all our children will be raised to love **MANKIND** and work hard to **HELP** everyone Attain **SUCCESS** in **BOTH WORLDS!**

# THE PRESIDENT'S MESSAGE

✓ I have a DREAM where all our children are able to perform a complete practice of the Deen where everyone is able to OBEY ALLAH and Follow the Prophet's way!

✓ I have a DREAM that all of us will WORK daily to HELP each other, be THE BEST in this WORLD!

✓ I have a DREAM that all of us will live in this world calling others towards ALLAH!

✓ I have a DREAM that all of us will be saved from the punishment of the Grave, Mahsyar and Siraat!

✓ I have a DREAM that all of us will enter Jannah without HISAB!

✓ I have a DREAM that all of us will meet our beloved Prophet Muhammad SAW in Jannah!

ALL of these DREAMS will be IMPOSSIBLE to realise unless WE PARENTS work TOGETHER to create an ECOSYSTEM that provides a strong and safe Bi'aah/ Environment for our children to LEARN, PRACTICE, and MAKE MISTAKES in a safe environment!

Let's START to work TOGETHER as a COMMUNITY that aspires to be like the Ansor & the Muhajirin!

May ALLAH grant us the UNDERSTANDING, GUIDANCE, and KNOWLEDGE for the straight and short paths for all of us to be SUCCESSFUL in BOTH WORLDS!

Love you till Jannah!

# OUR JOURNEY : A MILLION STEPS TO HOME

# THE 3 PILLARS OF BRAINY BUNCH

At Brainy Bunch, our educational philosophy is built upon a foundation of holistic development. We understand that education goes beyond textbooks and classrooms; it encompasses values, language proficiency, and the approach to learning itself. That's why we've structured our curriculum around three fundamental pillars: **Islamic**, **English**, and **Montessori** education. These pillars form the backbone of our approach, nurturing young minds and hearts in a comprehensive manner. Let's delve into each of these pillars to discover how they shape the Brainy Bunch educational experience.

## ISLAMIC

A strong Islamic foundation is important to produce dynamic Muslims with Al-Quran and Hadith as their true guidance in life.

## ENGLISH

We use English as the medium of communication to prepare our children for their world-changing future.

## MONTESSORI

The Montessori method encapsulates the development of the multiple intelligences found in all children.

# OUR EDUCATION FRAMEWORK

Brainy Bunch's educational philosophy adheres to the pinnacle of academic excellence. Our approach commences with cultivating intentions, followed by an unwavering commitment to mastering the benchmarks set by SPICE. By championing the real-world application of knowledge, we transcend traditional learning boundaries. Our dedication extends beyond individual growth; we are committed to uplifting others through education, enabling them to harness and disseminate knowledge proficiently. We punctuate each day with rigorous self-assessment, ensuring continuous elevation in our standards. Central to our ethos is the ambition not only to excel but to attain a level of significance, setting a gold standard in the realm of education.

# THE BRAINY SPACE

## Spiritual Growth

The path to being your best self starts with a strong spiritual foundation. At Brainy Bunch, we begin by nurturing the soul, teaching children the principles of faith, compassion, and righteousness. Rooted in Islamic teachings, our curriculum ensures that children grow with a deep understanding of ethical values, providing a moral compass that will guide them throughout life.

## Physical & Wellness

We believe that a healthy body supports a healthy mind. Children are encouraged to engage in physical activities, develop healthy eating habits, and learn about the importance of self-care. By instilling a love for an active and balanced lifestyle, we equip them with the habits they need to thrive physically.

## Intellectual & Financial

Brainy Bunch is committed to stimulating intellectual curiosity. By applying Montessori principles, children are encouraged to explore, question, and innovate. We believe that fostering intellectual growth is about creating an environment where minds can wander and discover. Additionally, Brainy Bunch introduces the basics of money management, savings, and financial responsibility at an early age.

## Creative Development

The harmonic interaction of the creative and critical minds is essential to the dynamic and transformative nature of the creative growth process. Values that creative minds value include creativity, innovation, and ingenuity. On the other hand, critical minds give creativity the necessary balance. They take an analytical, discerning, and careful stance. With a critical eye, we assess concepts, ideas, and works of art in an effort to hone and enhance them.

## Emotional & Life Skills

At Brainy Bunch, we nurture emotional intelligence by teaching children to recognize and express feelings constructively. Through empathy, resilience, and self-awareness, we help them build strong connections with themselves and others. Additionally, Brainy Bunch ensures children are prepared to face them. We focus on essential life skills such as communication, problem-solving, teamwork, and leadership. These skills not only help them excel academically but also set them up for success in all aspects of life.

# THE 5 PRINCIPLES OF BRAINY BUNCH

## ✓ INTENTION

The way to succeed in both worlds is to cultivate THE RIGHT INTENTION on wanting to be the best in SPICE components.

## ✓ MASTERY

Determine the "MASTERY GOAL" that must be achieved depending on the individual's level and personal capabilities as indicated by the SPICE Elements.

## ✓ PRACTICE

Creating CONSISTENT ROUTINE to assist them in achieving their Mastery Goal each day. Up until the practise gets ingrained, start with the basic minimum daily KPI.

## ✓ SIGNIFICANT

LEARN HOW TO EDUCATE & GUIDE OTHERS. Being a master in every aspect of SPICE is pointless if one does not help others become better or as wonderful as they are.

## ✓ SELF-ASSESSMENT

The CONSISTENT DAILY EVALUATION of their level in respect to where they are and their goals will guarantee their improvement.

**BB**

# BB 7Ms METHOD

There are 7 aspects we are focusing on in order for the children to be the best versions of themselves.

**MEMBACA**  
Reading

**MENULIS**  
Writing

**MENGIRA**  
Counting

**MENGHAFAZ**  
Memorizing

**MENGAJAR**

# HOW DO WE OPERATE?

Our Brainy Bunch corporate office oversees the management and operation of every campus. This system's brilliance lies in the fact that we at headquarters will be aware of each child's unique academic progress regardless of which Brainy Bunch campus they are enrolled in. To assist each campus in adhering to the high standards we uphold, we have a centralised management system that functions well.

**1. Managed and Operated centrally by Brainy Bunch Headquarters.**

**2. Structured Timetable.**

**3. Proper Reporting Flow :**

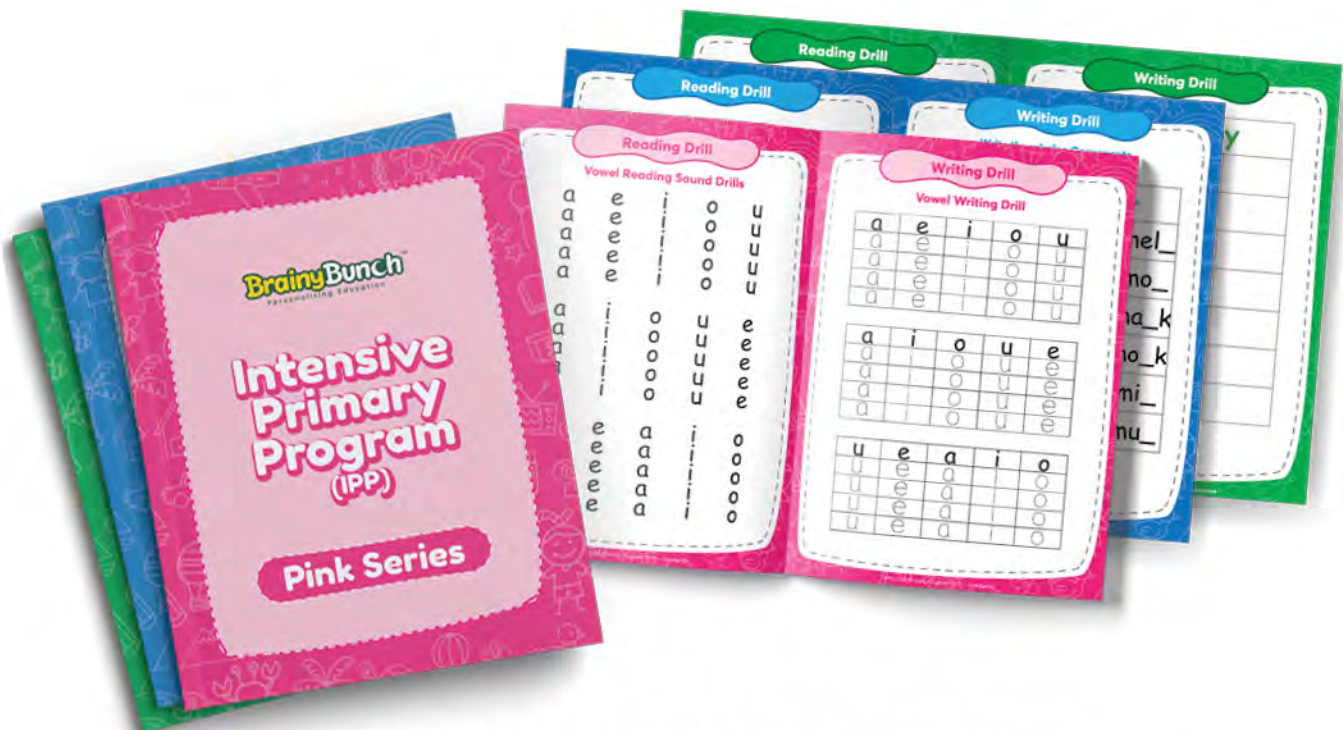

**4. Career Growth**

# INTENSIVE PRIMARY PROGRAMME

## - IPP : 6 YEARS OLD

IPP aims to support all the six-year-old Brainy Bunch Children by setting them in the right direction and promoting their progress and achievement over a three-month period. This has been developed to improve their learning outcomes in numeracy, reading, and writing skills. This is a special programme to help prepare the six-year-old for First Grade.

PINK SERIES, BLUE SERIES & GREEN SERIES

# **BRAINY BUNCH SCHOOL** **POLICIES AND REGULATIONS**

## **ASSALAMUALAIKUM MOMMIES AND DADDIES, HERE'S WHAT YOU NEED TO KNOW!**

### **FIRST DAY OF SCHOOL**

Within a week or two, the majority of children make a happy transition to preschool. We recognise that, especially if it's your child's first time attending school, you might have a tendency to worry about them. You shouldn't be concerned about this because it's common for your child to feel anxious and cry. Your child will struggle to fit in with the other children if you stay on campus. Our teachers are skilled at handling children. If you have any questions, rely on us or speak with the respective teacher or the Campus Manager.

### **ATTENDANCE**

Children need to experience the rhythm of regular attendance in order to self-develop and self-educate. In the prepared setting, they must be present for daily activities. Despite the fact that the teacher works with each student individually and that the majority of activities are done individually, the community is interconnected subconsciously. Every child matters to the group as a whole, and each moment of the group's life matters to each individual member. We kindly request your child's regular attendance at school in light of this. Please let the appropriate auntie/uncle know if your child will be absent.

### **SCHOOL HOURS**

The Class Timetable will be distributed to all parents.

|                           |                               |
|---------------------------|-------------------------------|
| <b>Regular Programme</b>  | <b>- 8:00 am - 12:00 noon</b> |
| <b>Star Programme</b>     | <b>- 8:00 am - 3:00 pm</b>    |
| <b>Full day Programme</b> | <b>- 7:00 am - 6:30 pm</b>    |

# BRAINY BUNCH SCHOOL POLICIES AND REGULATIONS

## ARRIVAL TO SCHOOL

Before going to our morning assembly, children will perform their solat dhuha at the start of class at 7:30 a.m. Class will begin at precisely 8 a.m. We strongly advise arriving on time since the way we start our day or the lesson we start with has an impact on how the rest of the day will go. If a student is late, it may be difficult for the entire class.

Parents are also encouraged to get out of the car and carefully accompany their child to the campus's entrance.

## DEPARTURE FROM SCHOOL

If you are unable to pick up your child kindly let the school know who you have authorized to do so. After leaving, talk to your child and let him or her know that you are interested in all areas of their day, not just their academic performance. Additionally, schedule a time to discuss his or her work when they bring this home so that you may be present, show genuine attention, and acknowledge their satisfaction. You should just make sincere remarks that don't go overboard with either positive or negative feedback. You should discuss any concerns you may have with the teacher during a conference regarding the significance or development of his or her work.

## DAILY EVENT CARD

A daily event card will be distributed to all new playschool parents on a monthly basis. Its objective is to provide information about your child's daily activities, academic achievements, and meals.

| DAILY EVENT CARD                                                                                                                                                                              |                                          |

# BRAINY BUNCH SCHOOL POLICIES AND REGULATIONS

## SCHOOL ATTIRE

All Brainy Bunch children must wear the Gala Uniform every day. On Physical Education Days, children must wear their Sports Uniform. A Plain Yellow hijab is **COMPULSORY** for 6 year old girls. We encourage all children to wear closed shoes as well. Please make sure the child is tidy and has clean fingernails, ears, hair, and nose.

Sports Uniform Size Chart

Brainy Bunch Headquarters, Cyberjaya

# BRAINY BUNCH SCHOOL POLICIES AND REGULATIONS

## PERSONAL CARE AND HYGIENE

For Star and Fullday Programmes, a set of clothes is required to be brought for them to change after bathing. Clothes must be loose, easy-to wear and comfortable. Children are encouraged to bring their own toiletries.

## CHILD PROTECTION

The welfare of each student is a teacher's top priority. Every child will be treated fairly and with respect, and any form of physical or psychological abuse of children is unacceptable. Our highest priority is the children's well-being. Any allegations of abuse by our employees, whether it be physical, sexual, or emotional, will be presented to the manager, who will then inform the parent (s). The police and/or social services might be informed. This meeting will be documented. All documents and information should therefore be kept totally private between the two parties.

## EARLY RELEASE OF A CHILD

The child has the right not to be disturbed while in class. However, under urgent circumstances, parents may take their child home before the end of the school day provided that the Campus Manager or the teacher-in-charge has been informed via a written message or a call. Should the parents wish to send a person other than those pre-approved to pick up your child, the procedure above must also be followed, plus the identification card of that person must be posted on the Campus Manager's or teacher's WhatsApp chat for verification. This guarantees that every child is present where he or she is supposed to be and can return home safely.

No child will be discharged without the consent from the parents.

# **BRAINY BUNCH SCHOOL** **POLICIES AND REGULATIONS**

## **FOOD and NUTRITION**

### **BREAKFAST**

The nutritional value of the child's meals has a direct impact on their schoolwork. Please give your child a healthy breakfast every morning before sending them off to school because the first snack of the day is offered after 9 a.m. For the child's growth, learning, and enjoyment at school, a high-protein breakfast that includes a substantial piece of meat, eggs, cheese, nuts, or beans is crucial. To avoid consuming sugar, corn syrup, artificial sweeteners or colours, artificial flavours, or other ingredients, read the labels of the items you purchase. According to the majority of dietitians, these chemicals hinder the child's ability to learn and exhibit appropriate behaviour. The health, focus, and behaviour of a child are directly impacted by their diet.

### **SNACKS and LUNCH**

A child's experience at Brainy Bunch International Montessori includes food very significantly. On our campuses, we work hard to provide nutritious and healthy cuisine for snack and lunchtime. Teachers eat snacks and lunch with the children since it's a chance for social interaction and manners practise. It's a time for wonderful food and enjoyable conversation. For these children, preparing meals, setting the table, serving and sharing, and cleaning up are all enjoyable activities. They learn to wait for everyone to be ready before starting to eat and to wait for those who haven't finished eating before leaving the dining hall by reciting the eating do'a (prayer) together.

### **ALLERGIES**

You must inform the school of your child's allergies. Children should be able to study, grow, and develop in a safe and joyful setting at school, but for those with food allergies, the environment and the people there can represent special safety risks. In order to prevent any potentially fatal scenarios, it is crucial for parents to let the school know if their child has any food allergies.

# Keep me home if...

**BrainyBunch®**  
Success In Both Worlds

## ...I am vomitting

Return to school only after being symptom-free for 24 hours.

## ...I have a sore throat

Keep me at home and take me to a doctor if I have a severe sore throat and if white spots are seen at the back of my throat, with or without fever.

## ...I have eye infection

Get me evaluated by a doctor before returning to school.

## ...I have lice

Keep me at home. Do not send me to school until I am clear of lice.

## ...I have a rash

It could be a symptom of one of these:

- chicken pox
- HFMD
- Tinea varicola
- ring worm

Return to school only when a doctor says it is safe to do so.

## ...I have a fever

I must stay at home for at least 24 hours after I no longer have a fever or signs of fever, without the use of fever-reducing medicine.

## ...I have diarrhea

I must see a doctor and stay at home for at least 24 hours after no longer having diarrhea or signs of diarrhea without the use of medicine and am eating well.

## ...I 'm just not feeling very good.

Keep me at home if I am unusually tired, sleepy, pale, confused, moody or if I have a loss of appetite.

Also, common cold, flu, cough, earache, headache, stomach pain, toothache.

**BB**

Contact a doctor. Have plans for back up child care.  
I don't want my friends to get sick too.

# **BRAINY BUNCH SCHOOL** **POLICIES AND REGULATIONS**

## **SICKNESS**

Your child has to stay at home if they have developed a fever in the recent 24 hours or if they have flu, cold, cough, rashes, chicken pox, measles, pink eyes, vomiting, asthma attack, head lice, or any other viral illness. This policy applies to the entire school in order to safeguard everyone else and promote your child's quickest recovery.

## **PRESCRIPTION MEDICINE**

Please send the dosage required for just one day, ideally in the pharmacy's original container (so we know what it is), with the child's name on it, along with a dated letter from the parent indicating the times and dosages to be administered that day. The note is not a replacement for prescription labelling. Medication cannot be transported by a child; it must be delivered in person to the teacher or assistant by a parent or other responsible adult. So that the medication may be safely stored out of reach, this medication needs to be given directly to the teacher (or bus driver for children riding on buses).

## **NON-PRESCRIPTION MEDICINE**

Sending over-the-counter medications is generally something we highly advise against. Staff members may not administer medication to children, including children's Tylenol and cough syrup, unless a parent has provided written instructions to the teacher and the medication definitely needs to be taken during school hours. The letter must specify the dosage, timing, duration, and conditions under which the medication is to be taken. Send the original container together with only the dosage required for that particular day. If you do, we must follow the aforementioned directions and treat them like medicine.

# **BRAINY BUNCH** SCHOOL POLICIES AND REGULATIONS

## **SCHOOL FEES and PAYMENTS**

Cash payments are no longer accepted. You'll get an invoice with guidelines on how to pay using the designated FPX link. You will automatically receive an official receipt after paying the school fees through FPX.

Kindly ensure to pay your child's school fees on time because failure to do so for two consecutive months without contacting the campus manager can result in the termination of your child's enrollment. A warning will be issued to prevent the child from going to school until the bill has been paid.

Each month's fees must be paid in whole at the beginning or, in any case, by the fifth day.

## **OVERTIME CHARGES**

Parents who pick their children outside of the official school hours will be charged overtime. The rate for overtime is as follows :

|                 |                                      |
|-----------------|--------------------------------------|
| <b>Regular</b>  | <b>- RM 10.00/hour after 12:30pm</b> |
| <b>Star</b>     | <b>- RM 10.00/hour after 3:30pm</b>  |
| <b>Full Day</b> | <b>- RM 20.00/hour after 7:00pm</b>  |

Any overtime fees will be disclosed to you at the end of each month.
